ORLANDO - Maryland-based Bavar Properties Group has announced plans to develop the Orlando OffiCenter.

BPG will develop the seven-building, 375,000sf single-story office campus on a 34-acre parcel of land it recently purchased from Carter-OCC Land Trust for \$8.1 million.

Located on Goldenrod Road, just north of Lee Vista Boulevard, the site is right off the Beachline Expressway and minutes away from the Orlando International Airport.

Construction of Orlando OffiCenter is expected to commence within the next year, and Robert H. Blackwell, a principal with NAI Realvest in Maitland, will handle the leasing at the Class A location.
