### Florida Hospital Apopka unveils plans for new location

By **Naseem S. Miller**

After 40 years in downtown Apopka, Florida Hospital is planning to move to a new location with a bigger campus and new services.

Officials gathered this morning at the intersection of Harmon Road and Ocoee-Apopka Road to unveil the new plans.

“We will continue to offer ER, cardiology and imaging services, and look forward to growing our Women’s Center, outpatient rehab program and ICU,” said Jennifer Wandersleben, vice president and administrator of Florida Hospital Apopka, in a statement.

The hospital will have 120 private patient rooms, surgical services and a diagnostic cath lab.

The new facility could generate up to 300 new jobs in clinical and non-clinical areas, hospital officials said.

The hospital is expected to open in Spring 2017.
