WATER FRONTAGE, HUNTING & RECREATION Have you been searching for that perfect property for relaxation and recreation in pristine nature, abundant lakefront, with medium- to long-term development potential? **You've just found it!** Three Lakes Ranch, located in Volusia County, Florida, boasts some of the highest quality land in our state.

TIMELESS TREASURE The property has been owned by the same family for generations, and is being offered for sale for the first time in over 100 years. This property consists of ≈91% uplands and is covered with majestic oak hammocks, long leaf pine (including one of the finest stands in the state), and pasture. Three Lakes Ranch is covered in Florida wildlife and has been managed for the benefit of species such as Red-headed Woodpeckers, Wild Turkey, White-tailed Deer, and Northern Bobwhite quail. A long history of valuing pristine nature has produced a diverse population of butterflies, dragonflies, birds, frogs (13 species!) and much more. This land is a work of art for any outdoor enthusiast.

DEVELOPMENT POTENTIAL Three Lakes Ranch has been divided into and approved for **62 buildable – 10+ acre lots**. This protects vested interests and provides for an eventual exit plan by making the individual parcels ready for sale or development. Subdivision design provides for forestry corridor, miles of trails, and access to lakes Dias, Winona, and Clifton. There is an enormous demand for lots of this size in the area. Most agricultural properties we sell don't have an exit plan, but this one has a great one already in place.
