According to an article written by Laura Kinsler with GrowthSpotter, Gentry Land Co. is under contract for 103 acres on US 192 in Osceola County. The property is listed by Clyde Wells with Maury L. Carter & Associates, Inc. The property is located across from Sun Terra Community's Harmony West expansion.

Gentry Land Co. has teamed up with Equity Investment LLC as a joint ventur partner on this deal. The mixed-use zoning would entitle the property for 309 homes and about 92,000 square feet of commercial or civic uses.
