According to an article written by Laura Kinsler with GrowthSpotter, Elevation Development is under contract for a 120 acre parcel listed by Clyde Wells, a Sales Associate, with Maury L. Carter & Associates, Inc. and Elevation Development has plans to build a total of 483 homesites with a mix of townhomes and single family homes. The community also has a 10 acre school site and is called Harbor Reserves.

According to GrowthSpotter:

“Previously, we were about to go under contract but there were some issues and complications on the seller’s end,” Elevation Principal Owais Khanani said. “Then the opportunity came about again a few months ago and we signed a contract. We like the proximity and growth of that corridor.”
