Commercial Portion- ±83 acres available: \$10,000,000

Zoning Residential & Commercial

FLU Development of Regional Impact

Road Frontage +4,000 ft. on Mairgold Ave.

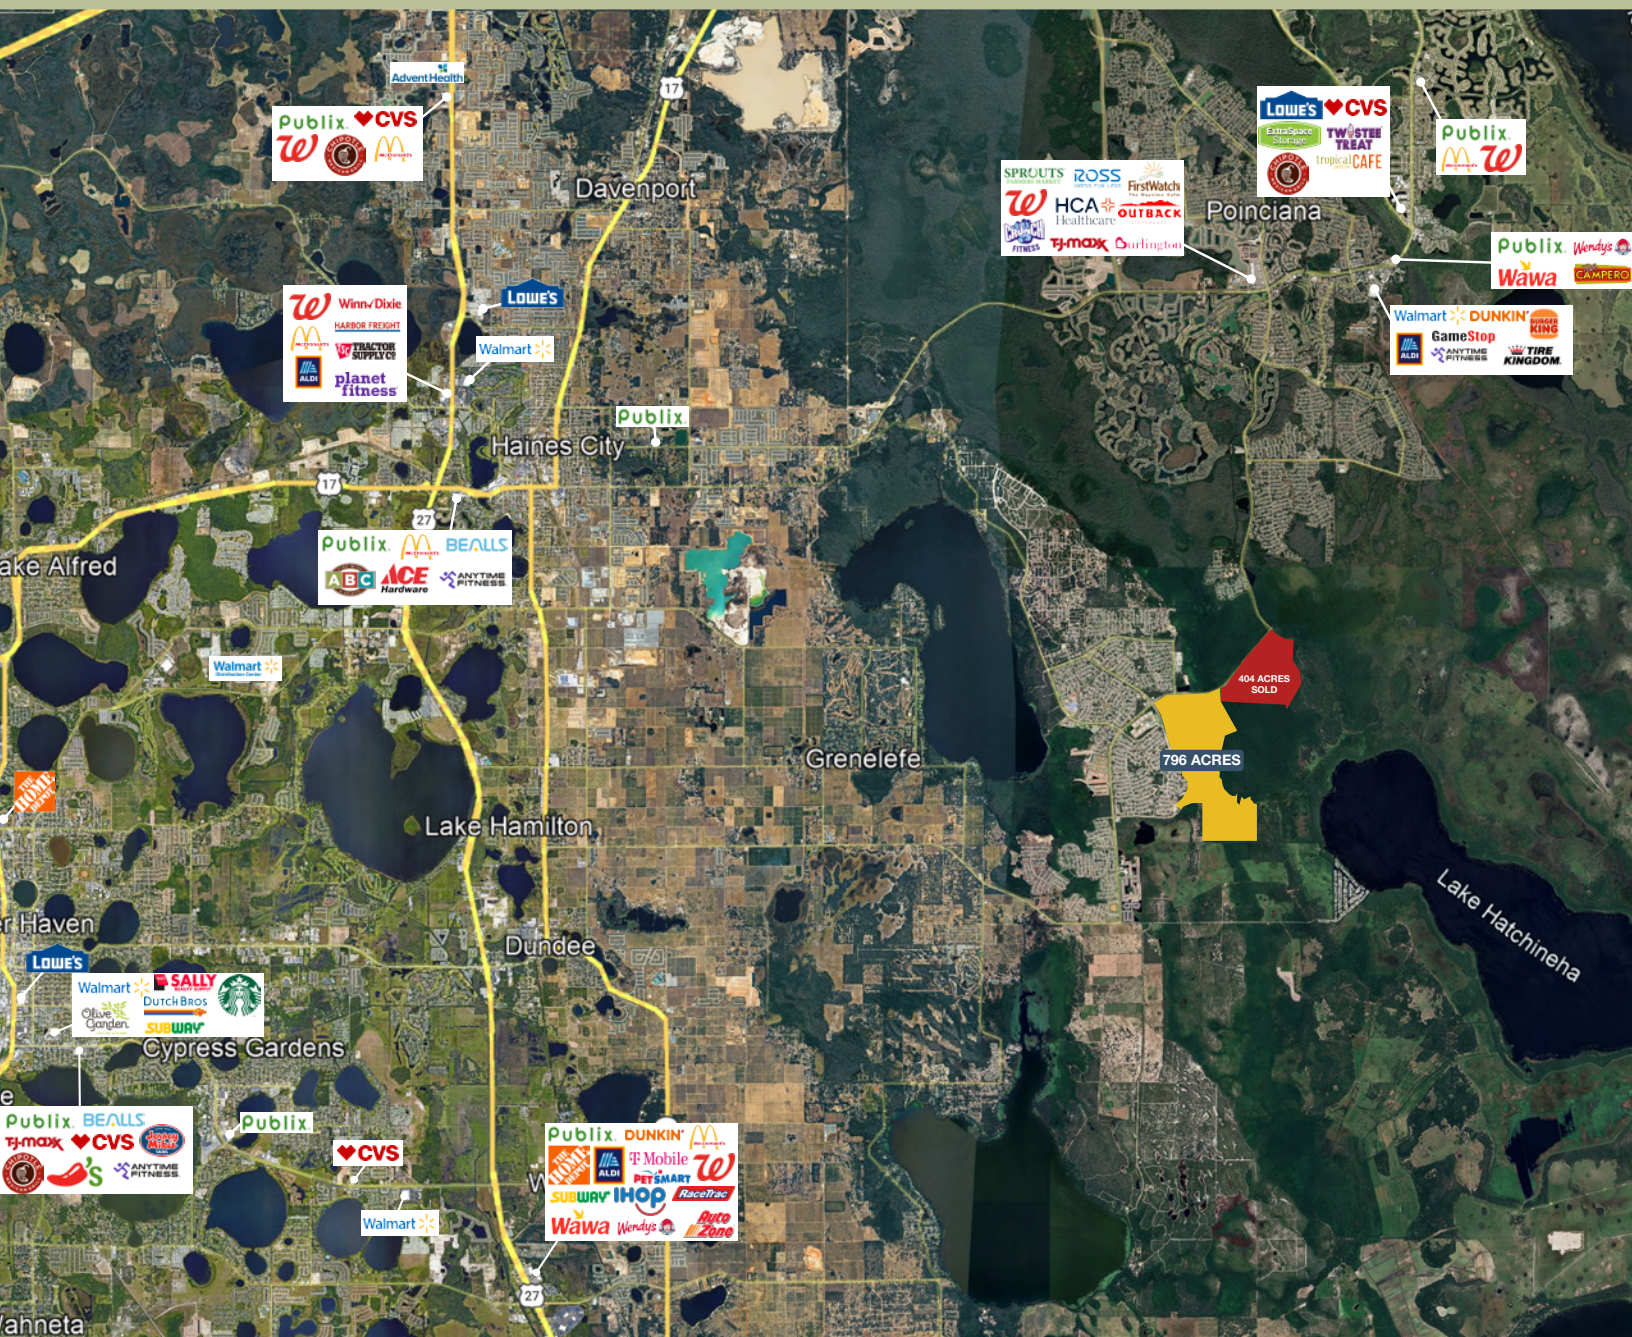

PROPERTY HIGHLIGHTS

This property is one of the last large undeveloped tracts within the Poinciana DRI and is primed for multifamily, single-family, and commercial development. Surrounding land to the west and north is largely built out, making this the clear next opportunity in a rapidly growing corridor.

Entitlements include single-family and commercial uses up to 450,000 SF, with the land already platted for subdivision and a potential yield of 1,343 single-family units. Fee simple ownership, no conservation easements. Ready to develop.
