More land deals close in booming Lake County

The deals in Groveland and Wellness Way topped \$30 million.

By Laura Kinsler | lkinsler@growthspotter.com | GrowthSpotter PUBLISHED: October 4, 2024 at 4:56 p.m.

"Lake County's run of eye-popping land sales continued this week with two more closings totaling \$32.5 million in Groveland and Wellness Way.

Stanley Martin Homes sold its Peachtree Hills mixed-use subdivision on Dewey Robbins Road for \$18 million to Eisenhower Property Group, the Tampa-based developer of the adjacent Brighthill master-planned community on the former Little Everglades Ranch. EPG also secured a \$14 million construction loan from Arizona-based KL Servicers."

"GT USA paid a staggering \$165 million Friday for 2,321 acres of undeveloped land in Lake County's Wellness Way area, breaking the county's previous sale record that was set just three months ago.

Daryl Carter and Conrad Carter with Maury L. Carter & Associates, together with Tony Roper and Jimmy Roper of Roper Real Estate represented the sellers in the transaction. "It's a smokin' piece of real estate," Daryl Carter told GrowthSpotter when he listed the Arnold property last November."

Groveland will lobby FL Turnpike for full interchange at U.S. 27 **City Council partnered with EPG seek to realign O'Brien Road, establishing improved connectivity with Florida's Turnpike, State Road 19 and East Dewey Robbins Road**

By: James Wilkins | newsroom@growthspotter.com | GrowthSpotter PUBLISHED: April 7, 2026

Groveland's City Council and Tampa-based Eisenhower Property Group are lobbying Florida's Turnpike Enterprise to reconfigure the existing interchange at U.S. 27, realigning O'Brien Road and adding roundabouts to improve direct connectivity to Dewey Robbins Road. The \$50-70M upgrade mirrors the four-way interchange that opened in Minneola in 2017, which catalyzed thousands of new homes, shopping centers, industrial parks, and a new hospital along that corridor over the past decade. "When we talk about lighting the fuse for economic development along the corridor and for commercial development along [U.S.] 27, where all the traffic should be, this would be the fuse that really gets that going," said Groveland Mayor Keith Keogh.
